

Student Destinations 2018

Round Oak offers a wide range of opportunities and studies for our sixth form students. Sixth form prepares our students for moving into employment, apprenticeships or college.

In the summer of 2018, 25 students left Round Oak school. Below are two charts illustrating the destinations of these students. The first chart shows the main destinations for all the students, the second chart is a breakdown of the Further Education sector, showing the six colleges to which 20 Round Oak students achieved places.
